## Teacher Feature

**This month, we feature Mary Pisegna, who teaches Tap and Jazz/Ballet**

**Practice tip:** Practicing on your own time doesn't always have to mean working for an hour straight by yourself. Sometimes the best way to get something really into you body is to just grab a few minutes here and there all

through the day. If you go to school with someone from your class, practice for a few minutes at lunch. Mark through your performance piece while you're waiting in line, or work on your shuffles at the dinner table. The cereal aisle is a great place to practice drawbacks! If you're always dancing, you'll always be improving.

**Mary's Favorite quote:** "A person who knows how to laugh at himself will never cease to be amused"  
~Shirley MacLaine
